Your Grace,

COVENANT

To write two letters to you in a week is a measure of our commitment to the Communion and you good self as our leader.

We consider the theme of the Covenant and what has emerged this far as a help to the process and effort to secure the cohesion and coherence of the Communion. It is a mechanism for holding together, especially in the light of the present crisis.

Therefore, we think it is along the right lines. We, however, think the element of effective sanctions should be spelt out as far as it is possible.

Thank you.

Yours sincerely

Most Rev. Dr. Justice O. Akrofi
Archbishop & Primate of C.P.W.A.
