Global Statistical Report - with Provinces equally weighted

Each number here (pp 7-12) is the *average percentage* of respondent bishops within each Province who have answered each question as indicated, from all the Provinces that have provided data - so each *Province* contributes with equal weight to the totals for each question.

Note that this is based on data from the following 32 Provinces:

Aotearoa, New Zealand & Polynesia	Myanmar
Australia	North India
Brazil	Papua New Guinea
Canada	Philippines
Central Africa	Rwanda
Central America	Scotland
Congo	South East Asia
England	South India
Indian Ocean	Southern Africa
Ireland	Southern Cone
Japan	Sudan
Jerusalem & The Middle East	Tanzania
Kenya	USA
Korea	Wales
Melanesia	West Africa
Mexico	West Indies

The following 6 Provinces are not included in these calculations, as there is no identifiable data from them:

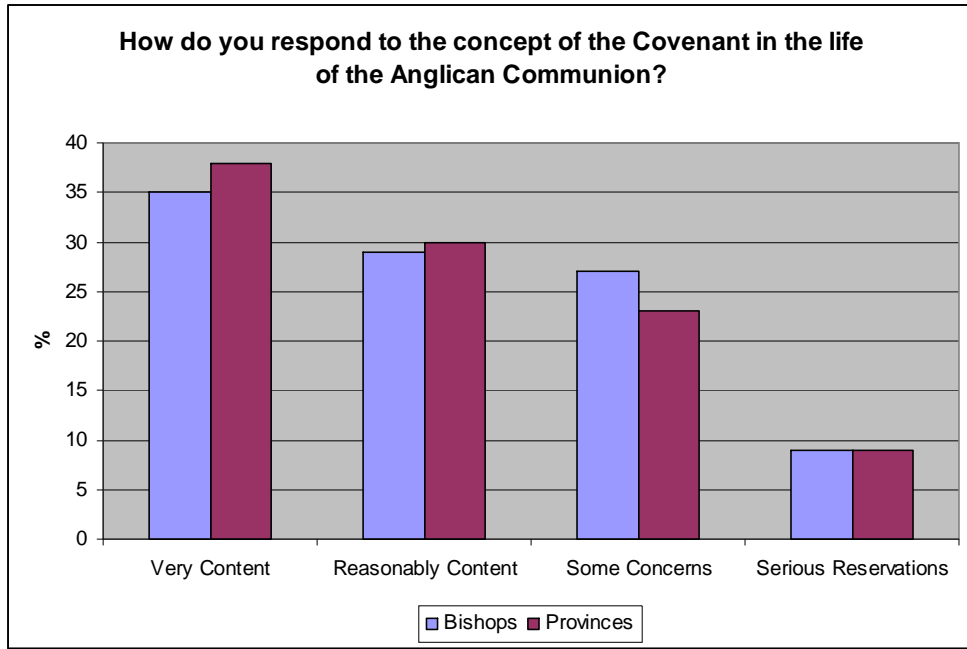

Bangladesh	Nigeria
Burundi	Pakistan
Hong Kong	Uganda

(The small number of ecumenical/extra-provincial/unspecified responses are also not included in these calculations.)

Each question is followed by a bar chart that shows this data (labelled "Provinces") alongside the corresponding unweighted data from all respondents (i.e. the data on pp 3-4) (labelled "Bishops").
