

Light for our Path

*A Guide to the Lectionary
for Preachers in Africa*

Consolidated Index

Jeremy Davies & Kwasi Amofo

A full index to all the Bible passages included in the Revised Common Lectionary Years A, B or C.

This index indicates in which Book(s) of *Light for our Path* notes on the passage will be found, the relevant day in the church calendar, and the page on which that day's notes begin. (Comments on the passage itself may be on that page or one of the following five pages.)

Entries appear in alphabetical order of the books of the Bible

Consolidated Index of Scripture Passages

The index below is a consolidated index for all three books of this lectionary guide. It lists all the passages set in the Revised Common Lectionary which are discussed in any of the three books. It does not, however, include passages which are referred to incidentally in the course of the discussion.

By using this index, preachers and others who use *Light for our Path* will be able to use the lectionary guide as a convenient resource or commentary when they are preparing to preach on the passages listed, or when studying them, whether they are following the lectionary or not.

The table is arranged in alphabetical order of the books of the Bible. Where a passage is covered in more than one of the books, or more than once in the same book, there is a separate entry for each. The relevant book is identified in column 3. The page references are to the page on which the relevant day's notes begin, NOT necessarily the page on which the passage is discussed, which in each case is somewhere in the following 6 pages.
